Hi Friends – It seems it has finally turned into Fall in most parts of the country. Maybe not in Texas but I hear it's changing in Tennessee and most of the East Coast. I prefer the cooler weather so I'm ready for this.

We're staying busy on the road in these months leading up to Christmas (can you believe it's coming right up!). We've got shows in Kentucky, Virginia, Oklahoma, Texas and two in Branson, MO so make your plans to come see us.

My office was digging through some of my old photos and came up with these that they asked me about.

These photos were taken in 1985. The car I'm working on was my son's 1984 Monte Carlo SS. The car was stolen and stripped of just about everything. It also was bent and had other issues. Of course that's just what I like to get my hands on so I wanted to be the one that fixed it up. Naturally I had to paint it. What you see in these photos is me using my own paint gun, changing the paint from plain white paint, to a metallic white paint. I mixed the metallic paint up myself. If I do say so, it turned out great! A bit of trivia for you – It was in the 1930s when metallic paints for cars were first introduced. Unfortunately these paints were first made from actual fish scales and reserved only for the very rich.

I have painted many cars and trucks in my shop ("The Toy Shop") in Houston. Some were custom jobs....(fades, smoke, stripes, etc and some factory) We could do it all in The Toy Shop- and do it good- and did!

Appreciate you,

We always enjoy performing on the hallowed stage of the Grand Ole Opry. It never gets old and besides the thrill of just being on that special stage, we get to visit with many of our fellow artists backstage.

It was great evening of music with Dailey & Vincent on the Opry. No doubt you know Darrin Vincent.

Darrin grew up performing in his family band, The Sally Mountain Show, along with sister Rhonda Vincent. As a member of Ricky Skaggs and Kentucky Thunder for more than 10 years, Darrin has won five Grammys and too many IBMA (Bluegrass) awards to count.

It was a pleasure to visit with Eddie Montgomery of Montgomery Gentry. Eddie grew up in Kentucky and as part of the duo of Montgomery-Gentry, has won many awards including a Grammy.

Ranger Doug, the singing cowboy of the group, Riders in the Sky, is quite the music historian. Riders in the Sky formed in 1977 and became members of the Grand Ole Opry in 1982. They've won 2 Grammys and have had their music placed in the movie, Toy Story 2.

Branson, Missouri With Larry's Country Diner

It's hard to keep a straight face when I look over and see Nadine smirking at me!

We always enjoy working with the Larry's Country Diner crew. That's Jimmy Capps on guitar ("The Sheriff"), Ms. Michele Capps singing beautiful back-up vocals for me, Renae the Waitress, Keith Bilbrey, Larry Black and Nadine!

I had just launched into singing "High Heel Sneakers" when Nadine just had to get up and then "get down". She always makes me laugh. By the way, I first heard High Heel Sneakers by blues artist, Tommy Tucker around 1964. I believe Tucker had the original but later it was covered by The Searchers and even Elvis!

It was a great surprise to the audience and to me and the band when Ms. Rhonda Vincent walked onstage in Branson! We couldn't let her leave without singing a few songs with us, which was a real treat for the fans. Rhonda has one of the greatest voices in music today. Check out Rhonda's latest single "Like I Could", written by none other than Jeannie Seely, Erin Enderlin and Bobby Tomberlin. It's real country music!
